

# Indoor Scavenger Hunt Cards

## How to Use the Cards?

- Print and cut the cards.
- Place them in a small basket or spread them on the floor.
- Invite your child: “Choose a card and find something that matches it.”
- Your child searches the room and brings (or points to) the matching item.
- Encourage careful observation—color, shape, texture, size.
- Continue until they complete as many cards as they wish.
- There is no right order; let your child choose the next card.
- When finished, return all items where they belong.

something soft

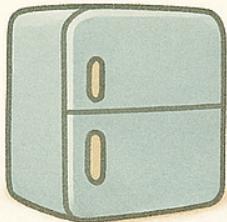

something round

something that makes sound

something cold

something square

a pair of matching

something red

something light

something you wear
